FROST'S AUTHORITATIVE WORK

ON

INCORPORATION AND ORGANIZATION OF CORPORATIONS

FROST ON INCORPORATION, the standard work on this important subject, has now reached its **third edition.** In revising the work up to the present year the author, THOMAS GOLD FROST, General Counsel of the National Incorporating Company, **has added** some **two hundred additional pages of closely printed type, giving the latest and fullest information and forms, and has increased the citations by adding two hundred cases,** making the total about twenty-five hundred.

Part II of the work, the SYNOPSIS-DIGEST OF THE INCORPORATION ACTS OF THE SEVERAL STATES AND TERRITORIES, **has been thoroughly revised, the additions amounting to eighty-six pages.**

Part III, FORMS AND PRECEDENTS, **a valuable feature which may be said to make the work almost indispensable, has been radically reconstructed and many new and important forms have been inserted, the additions amounting to one hundred and thirty-five pages,** including general forms for amending charters under the laws of the various states, together with forms for dissolution proceedings, complete forms for securing permits for foreign corporations in all the states and territories of the Union, fifty additional general forms, and a number of special forms of importance, including the By-Laws of the American Steel Company. These forms, the result of practical experience, amount to more than forty per cent of the whole matter. **Brought down to date and filled with compactly printed information of the greatest value regarding Incorporations, this work should be in the hands of every Corporation and every Corporation lawyer.**

The most complete work in existence on the subject, furnishing much valuable information which can be found, as a whole, in no other book.
